Introduction.

FY2025 Surveillance Technology Reporting

During the 2025 session, the General Assembly of Virginia made changes to clarify § 9.1-116.10 which requires all state and local law enforcement agencies and sheriff's departments to report annually a list of all surveillance technologies used, accessed, or procured by their agencies to the Department of Criminal Justice Services (DCJS). This information shall be reported to DCJS by **November 1st** for the most recently concluded fiscal year.

To meet this mandate, you will be asked to indicate which of the listed surveillance technologies your agency/department has used, accessed, and/or procured for the period beginning July 1, 2024 through June 30, 2025.

Please review the FY2025 Surveillance Technology Guidance Document before completing this online checklist or if you have any questions about the content.

For more information about what is included and not included in the definition of "surveillance technology," please click on the link to see the full legislative text on the Legislative Information System website.

Q1. Select the type of organization for which you are reporting:

- (●) Police Department
- ( ) Sheriff's Office
- ( ) College/University Police Department

Q1a. Please select your Police Department from the drop down list:

Alexandria PD
